The following described official misconduct is not an isolated incident. Rather it is part of ongoing practices and patterns of dishonest court services, obstructions of justice, legal services dishonesty, extortion, child-snatching, racketeering, kidnapping, false arrest, frauds upon the courts by officers of the courts, altering court records and transcripts, discrimination on account of sex in federally funded services, retaliation for and suppression of free speech and subversions of the due administration and mechanical operations of justice in Rhode Island. On or about and prior to April 15, 2019, Family Court Chief Judge Michael Forte, Chief Court Administrator Magistrate Paul T. Jones, and Judge Sandra Lanni, have secret understandings, loyalties, secret and open agreements with Secretary Courtney Hawkins of The Department of Health and Human Services, Attorney Richard E. Updegrove Jr., Margarita Palange, and other persons and all have conspired and agreed to violate the federal and state civil rights of my minor daughter Katerina Palange and mine, deny us access to Rhode Island Family Court, and honest court services rendering those services broken and useless to us. 1. On December 18, 2013, The Family Court of Rhode Island adjudicated and entered a final judgment of divorce, Judge Stephen J. Capineri case number W201200361. Judge Capineri merged into the judgment and attached one exhibit to the Judgment, a Marriage Settlement Agreement, which section 4b of that agreement granted and preserved the rights of myself and daughter to, inter Alia, placement. Placement being equal and meaning Katerina having two equally shared family homes after transitioning from a family home consisting of both parents home. Neither the agreement nor the Judgment has been appealed, vacated, modified. There has been no attempt to re-open the Judgment judged by the Family Court and Judge Capineri. No reason, fact, or circumstance exists to do so. 2. On or about May 09, 2018 attorney Updegrove, and Margarita Palange manufactured, and filed in the family court, electronically, a false and meritless MOTION FOR EMERGENCY AND OTHER RELIEF without jurisdiction into family court number W201200361 and attached to it a frivolous Affidavit of Margarita Palange swearing falsely that she and their daughter Katerina were in imminent harm with insufficient facts alleged to make such claims and claim the extraordinary and mighty powerful remedy of an instant ex-parte emergency restraining order. There is no record of any abuse or threats of harm on any public record. Furthermore, actual, specific, described, detailed abuse, injury, or threat of harm is not even alleged in the Updegrove pleadings of May 09, 2018. The Final Judgment of Divorce the attached Marriage Settlement Agreement, the Motion For Emergency And Other Relief are all legal pleadings that have been entered into the family court's record speak for themselves to sensible people. On one hand is the value and power of the Final Judgment of Divorce and the Marriage Settlement Agreement. Long-standing law on the finality of judgments, matters already decided principles of res judicata and collateral estoppel serve and add to sanctify and protect the rights and terms outlined in the judgment of divorce December 18, 2013 adjudicated and signed by Judge Stephen Capineri. And, on the other hand, is that the Order suspending visitation of May 09, 2018 signed by Judge Sandra Lanni is a nullity, the pleadings filed by attorney Updegrove and Ms. Palange are willful frauds upon the court that have and continue to disrupt the honest operations of the family court and the Supreme Court. The unlawful Order, made without jurisdiction and the pleadings are part of an unlawful plan between the named conspirators to circumvent the laws, agreement, and final judgment of divorce and obtain child custody and financial child support without due process of law. As stated, this is not an isolated incident. Till present, the named offenders continue to cover up their illegal conduct since at least May 09, 2018, ongoing and prospectively probably will continue into the future. The governmental entities named above, including Magistrate Jones

and Ms. Palange, have entered into Cooperative Agreements per federal requirements and certain dishonest practices with DHS Courtney Hawkins, the Office of Child Support Services, the Rhode Island Family Court, other entities the individuals named above and other persons. All the above seek to obtain child custody, placement, financial award corruptly for the purposes of the financial award, control of indoctrinating children, power and control over the non-custodial parent, and other such ill-gotten gains. These are written and unwritten agreements, understandings, plans, and conspiracies which specifically outline each party's responsibilities and the financial arrangements agreed upon. The Order of May 09, 2018, by Judge Sandra Lanni and all subsequent Orders until present are not valid and are criminal acts made without jurisdiction or actual judicial authority. This includes any Orders in W201200361 with Magistrate Paul T. Jones too. Most relevant to this case is that on or about April 25, 2019, I appealed the Order of April 15, 2019, regarding child support. Around May 01, 2019, the Supreme Court docketed it as Case No. SU-2019-156-A. On April 26, 2019, I Motion for a stay of the judgment regarding child support. That motion to stay has not been heard or ruled upon till the present time of this writing. A Motion to Vacate is also pending before the Family Court. By operation of law, since the docketing of Appeal SU-2019-156-A, there has been an automatic stay of execution in W201200361. As that stay is active till the present time of this writing it was too on November 13, 2019, whereupon Magistrate Jones on behalf of Courtney Hawkins, Attorney Updegrove, Ms. Palange and the other persons and entities named herein did issue, in bad faith, a Body-Attachment Order for me. All involved persons knew that there was an appeal and Stay of Execution in effect and had no judicial or lawful authority to threaten my liberty or to take any action or power from W201200361. Subsequently the group named herein, Magistrate Jones and a few John Does and Jane Does cause the Rhode Island State Police to execute the Writ of Body Attachment, selectively, on April 24, 2020, in retaliation for posting a protest video against Chief Justice Paul Suttell and Family Court corruption prior to the execution. I was arrested, restrained, handcuffed, and imprisoned. The arrest was selective, in retaliation for free speech and without jurisdiction. Magistrate Jones and the other persons named herein continued on with the practice of abusing W201200361 till October 28, 2020, when at a Contempt Hearing Magistrate Jones and all others acknowledged the Stay of Execution pending appeal. Magistrate Jones has not reversed or vacated rulings that he knows to been made without lawful authority, dishonestly and corruptly. Magistrate Jones allows dishonesty to be practiced in the Family Court and applied to this case. He engages in routine in chambers conferences that are not recorded engages in routine ex-parte communications with parties and with the Office of Child Support Services. He engages in conduct that violates the state and federal civil rights of Katerina Palange and myself. He is currently participating in causing Thomas Cardillo court reporter to withhold recordings of hearings that contain material information supporting the probable cause of judicial misconduct engaged in by Magistrate Paul T. Jones
